

UniMaster UNM 410-10-50 D A713010

Product specification sheet

| Technical Data | A713010 |
|------------------------|------------------------|
| Air displacement | 410 l/min |
| Max. free air delivery | 295 l/min |
| Max. pressure | 10 bar |
| Cylinder/Stage | 2/1 |
| Tank capacity | 50 l |
| Voltage | 400 Volt/50 Hz |
| Motor output | 2,2 kW |
| Drive | 1000 min ⁻¹ |
| Noise level | 96 dB(A) |
| Dimensions(WxDxH) | 410x950x875 mm |
| Weight | 62 kg |

Product description

Fact Sheet

- Compressor is easily moveable due to castor wheels, ergonomic handle and extra handle on the tank
- Mobile piston compressor with V-belt drive
- For applications up to 10 bar
- For private and mainly professional use
- Equipped with filter pressure reducer
- Application: Using impact wrenches, ratchet screwdrivers, saws, rivet guns, smaller sized staple and nail guns, spray pistols cartridge guns, grease guns, blow out guns and air tyre inflators

UniMaster UNM 410-10-50 D A713010

Product specification sheet

Silent run and perfect cooling

due to approved aggregate and ideal cooling air flow

High flexibility is provided by 2 m cable length

Easy transport
Ergonomic handle perfectly fitted and extra lifting handle on the tank

Precise working

due to pressure reducing regulator for controlling the air pressure perfectly

Convenient working

due to quick release coupling

Excellent working

comfort thanks to clearly arranged pressure gauges for measuring tank and outlet pressure

Long service life

thanks to the 10 years anti-corrosion warranty on the compressed air tank

Solid stand and comfort transportation

due to large rubber wheels and caster wheels with brakes

Further information

Operates fully automatically

Unloader pressure switch, motor protection and on-off switch

Scope of delivery

Instruction manual

Warranty

12 months for industrial use
24 months for private (non-commercial) use
36 months when registered online
