

Always at hand – the alternative to soap and water.

## blaugelb Cleaning Wipes

The professional cleaning wipe.

- Removes stubborn dirt, grease and oil
- For hands, tools and many smooth surfaces
- Strong effect
- Very efficient
- With special skin care ingredients
- Pleasant, fresh aroma

### Product features:

The professional cleaning wipe. Non-cured adhesives and sealants (e.g. silicone, acrylic, PU, hybrid polymer), fresh PU foam, paints and much more are cleaned up quickly and effectively. The blaugelb Cleaning Wipe is very efficient thanks to its large size. It can be used anywhere – whether in the workshop or at a building site.

The blaugelb Cleaning Wipes are suitable for smooth surfaces. The compatibility must be tested beforehand on sensitive substrates. Do not use on porous substrates. Not suitable for film-laminated substrates.

### Product benefits:

- Removes stubborn dirt, grease and oil
- For hands, tools and many smooth surfaces
- Strong effect
- Very efficient
- With special skin care ingredients
- Pleasant, fresh aroma

### Technical data:

Basis:	non-woven wipes, waterproofed with a liquid mixture of solvents, biodegradable non-ionic surfactants and skin care ingredients
Consistency:	non-woven with waterproofing
pH value:	5.3 – 7.5

Product name	PU	Item no.
blaugelb Cleaning Wipes	Box with 80 pieces	0241602

### Preparation and processing:

For smooth surfaces. Please always first perform a compatibility test on sensitive surfaces. Do not use on porous substrates such as untreated wood.

Pull a wipe out of the box and tear it off. Tightly close the box again immediately to prevent the remaining wipes from drying out. Wipe off the soiling with the blaugelb Cleaning Wipe. Fresh soiling that has not cured can be removed more easily. Repeat application if necessary. The surface gloss is enhanced by subsequently polishing with a dry cloth.

### Delivery and storage form:

blaugelb Cleaning Wipes are supplied in a plastic box of 80 wipes. If stored in the tightly sealed original container in a cool (+5 °C to +25 °C) and dry place, the shelf life is 24 months. Protect against heat and solar radiation. Seal open containers well and use them quickly.

### Disposal:

Waste code for packaging: 15 01 02, 15 01 01

blaugelb Cleaning Wipes can be disposed of in the household waste. Do not dispose of in the toilet!

### Safety note:

Please note the Safety Data Sheets. Only for trade use. Perform adequate pretests on compatibility and effect.
